

**Ward C. Marshall**  
**316 E. Lakeshore Drive**  
**Sunrise Beach, TX 78643**  
**(512) 779-6017**

Ward Marshall has been developing wind farms for 35 years and has developed and acquired over 7,000 MW of wind farm projects during his career. Ward served as President of the American Wind Energy Association in 2003 and has served as President of the Wind Coalition in Texas, a non-profit association formed to encourage the development of the vast wind energy resources of the south-central United States. He holds a Bachelor of Science in Civil Engineering from The University of Texas at Austin.

**Synergetic LLC 2021 – Present**

Ward is a co-founder of Synergetic LLC and is the Chief Development Officer. North America needs to decarbonize its power grid. North America also needs to decarbonize its economy. Infrastructure ensures that energy gets delivered, but our current infrastructure is not built to deliver wind and solar energy. Synergetic is developing green hydrogen infrastructure that delivers wind and solar energy at the right time, in the right place, and in the right quantity.

**THP Holdings LLC (THP) 2021 – Present**

**East Peak Investment Company (EPIC) 2022 - Present**

Ward is a partner with THP and EPIC and is a senior advisor on renewable energy project development related to large scale renewable energy projects.

**MCE Consulting LLC 2021- Present**

Ward is the owner of MCE Consulting LLC and provides renewable energy consulting services for project development including permitting, wind resource, land leases, Native American and First Nations engagement, power purchase, turbine supply, construction, and interconnection.

### **Pattern Energy 2009-2021**

*Senior Director Business Development*

Ward was responsible for project development in North America, focusing on the origination, development, mergers and acquisitions of large-scale renewable energy power projects. He recently led the team that is developing over 3,600 MW of wind projects in New Mexico and Wisconsin and developed over 3,100 MW of operating wind projects located in British Columbia, Illinois, Montana, New Mexico, South Dakota, Texas and Wisconsin.

### **Babcock & Brown/G3 Energy 2005-2009**

Prior to Pattern, Ward joined Babcock & Brown in 2005 through the acquisition of G3 Energy, where he was Senior Vice President of Development.

### **General Electric 2003-2005**

Ward was Southern regional sales manager at GE Wind.

Prior to General Electric, Ward worked for Central and South West, American Electric Power in project management and for Espey Huston and Associates as a consulting engineer specializing in water resources and permitting.
